STATE SUPERINTENDENT *of* PUBLIC INSTRUCTION
OKLAHOMA STATE DEPARTMENT *of* EDUCATION

MEMORANDUM

TO: The Honorable Members of the State Board of Education

FROM: Joy Hofmeister

DATE: December 17, 2020

SUBJECT: Deregulation for an Abbreviated School Day for Alternative Education

The following school is requesting deregulation from OAC 210:35-29-2 for the 2020-2021 school year in order to have an Abbreviated School Day for Alternative Education. Approval is recommended.

County	District	Alternative Means	Requested Years
Haskell	Keota	Instructional day will be 4 hours and 20 minutes a day, 4 days a week.	8 of 8
	3 Years		
Blaine	Watonga	Instructional day will be 6 hours and 8 minutes a day, 4 days a week.	1 of 1
Haskell	Stigler	Instructional day will be 5 hours and 15 minutes a day, 4 days a week.	4 of 4
McCurtain	Idabel	Instructional day will be 4 hours and 15 minutes a day, 4 days a week.	6 of 6

* The number in the County category represents the Congressional District.

ALTERNATIVE EDUCATION ACADEMIES AND PROGRAMS

210:35-29-2. Definitions

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise.

"Alternative Education" means an educational process incorporating appropriate structure, curriculum, interaction, and reinforcement strategies to stimulate learning with students who have not utilized their capacity to do so within traditional educational settings.

"Abbreviated school day" means, for purposes of an alternative education program approved by the State Board of Education, a school day which consists of not less than four (4) hours and 12 minutes per day devoted to school activities for the locally approved 180-day school calendar.

2010-2011 Standards for Accreditation of Oklahoma Schools

STANDARD III

ADMINISTRATION AND ORGANIZATION

210:35-3-41. Statement of the standard

The school is organized to ensure the achievement of its goals. The working relationships among the local board, superintendent, principal, and staff are such as to facilitate the successful functioning of all phases of the school's program. The principal of the school has the autonomy and authority to provide the leadership needed to accomplish the goals of the school. The school is provided with sufficient professional and service personnel to ensure effective operation of all phases of the school's program. The school is organized in a manner that encourages new and innovative ideas designed to improve the program and to help the school adapt to changing conditions. (92)

210:35-3-46. Administrative and supervisory services

- (a) The school site shall be part of a system employing a full-time superintendent. *No board of a school district having average daily membership (ADM) of fewer than 500 students shall be prohibited from allowing a superintendent with the appropriate certificate to serve simultaneously as a principal. [70 O.S. § 5-106]* If a vacancy occurs in the superintendency during the course of the school year, a certified replacement must be employed within 45 school days.
- (b) It shall further be the responsibility of the local board, upon the recommendation of the superintendent, to employ an administrative head to be known as a principal for each of the schools within the district. Private schools shall employ a full-time principal/headmaster. An elementary district shall employ a full-time elementary superintendent. With the exception of requirements for certification, the term superintendent as used in these standards shall mean an elementary school superintendent, headmaster, or superintendent. Full-time is defined as employed full time, and therefore allows these administrators to teach.
- (c) Instructional leadership shall be the chief function of the school's principal. The principal shall be responsible for the improvement of instruction and be given the authority and resources needed to accomplish this goal. The principal shall help clarify the goals of the school, help obtain resources for it, coordinate its various activities, and promote its continuous evaluation to determine improvements needed.
- (d) Lines of administrative and supervisory authority between the central office staff and the principal shall be defined clearly and shall give the principal responsibility for initiating appropriate changes to meet the needs of the students.
- (e) The principal shall be involved in the selection, assessment, evaluation, retention, and promotion of all personnel assigned to the school.
 - (1) *All certified administrative personnel designated by a local board to conduct evaluations shall be required to participate in training conducted by the State Department of Education prior to evaluating. [70 O.S. § 6-101.10]*
 - (2) *No teacher shall be dismissed during the term of a contract or refused reemployment except at an official meeting of the board of education. The reemployment or*

2010-2011 Standards for Accreditation of Oklahoma Schools

dismissal of teachers shall be in accordance with the school laws of Oklahoma. [70 O.S. § 6-101.20 through 101.30]

- (f) While working with faculty, staff, or students in the school, central office and other supplementary personnel shall coordinate their activities through the principal.
- (g) The principal shall have the responsibility and the authority for the administration of the non-instructional programs in the school.
- (h) The local board shall adopt a school calendar and school day consistent with statutory requirements in Oklahoma.
 - (1) *The standard school year shall consist of not less than 180 days; or,*
 - (2) *For not less than one thousand eighty (1080) hours each school year, if a district board of education adopts a school-hours policy and notifies the State Board of Education prior to September 15 of the applicable school year.*
 - (3) *Not more than thirty (30) hours each school year may be used for attendance of professional meetings and teachers may be paid for a length of term in excess thereof, under conditions hereinafter outlined. Subject to district board of education policy or collective bargaining agreement, additional professional leave days may be granted for individual teachers to attend or participate in professional meetings, staff development training, or National Board certification portfolio development as provided for in Section 6-204.2 of this title. [70 O.S. § 1-109]*
 - (4) *The standard school day shall consist of not less than 6 hours devoted to school activities, exclusive of lunch, with the exception of nursery, early childhood education kindergarten, and alternative education. [70 O.S. § 1-111]*
 - (5) *The early childhood school day shall consist of not less than two and one-half hours per session.*
 - (6) *The kindergarten school day shall consist of not less than two and one-half hours per day. The requirement to attend kindergarten may be satisfied by attendance in either a half-day or full-day program. Membership in a kindergarten for either two and one-half (2 1/2) hours or six (6) hours per school day shall be counted as one (1) day for average daily membership purposes. Beginning with the 2011-2012 school year, it shall be the duty of every school district in this state to provide and offer a full six-hour day of kindergarten free of tuition for every child residing in the district who attains the age of five (5) years on or before the first day of September during the school year kindergarten is offered, provided that this duty may be satisfied by intra-district transfer to a school offering full-day kindergarten, by transferring kindergarten children to other school districts which will accept them and can provide kindergarten for such children, or by contracting for classroom space with a licensed public or licensed private child care provider based on the selection criteria established by the district. [70 O.S. § 18-108]*
 - (7) *A school district board of education may adopt and implement an extended day schedule for grades nine through twelve. All of the following conditions must be met:*
 - (A) *The annual number of hours of instruction must equal or exceed 1,080 hours which is equivalent to 180 days of instruction.*
 - (B) *Only one day per week shall consist of not less than five hours of academic instruction in a regular classroom setting.*

2010-2011 Standards for Accreditation of Oklahoma Schools

- (C) The district must hold a public hearing prior to the adoption of an extended day schedule.
- (D) The district must document the impact on student achievement as determined by the academic performance index score and any other relevant factors that are a result of the implementation of an extended day schedule.
- (E) The district must provide an annual report to the State Board of Education on the result of the extended day schedule and the impact on student achievement. [70 O.S. § 1-109]
- (f) If, because of emergency situations, school has been missed more than fifteen (15) days, the State Board of Education will consider forgiving a portion of those days or in rare instances all days missed, on a case-by-case basis. Exceptions to the fifteen (15) day minimum will be made at the recommendation of the State Superintendent and forgiveness will be considered by the State Board of Education on a case-by-case basis.
- (j) If a school district determines that it is necessary to deviate from the required 6-hour school day because of severe weather conditions or fire, the superintendent should report this, in writing, to the State Department of Education, Accreditation Section, within 72 hours. Any loss of school time shall require the superintendent to report the amount of time lost and the procedures to be used to make up the lost time.
- (k) *Schools shall obtain permission from the State Board of Education before conducting Saturday classes to complete a standard school term including professional days.* [70 O.S. § 1-112] (09)

210:10-1-4. Length of term

- (a) The minimum length of term will be ten (10) months (180 days actually taught). Provided not to exceed five (5) days of 180 days required may be used for attendance of professional meetings. Where professional days are taken, they shall be so recorded in the register of attendance in a like manner as holidays are recorded. The legal aggregate days attendance will be divided by days actually taught to obtain the legal average daily attendance. Any school district holding less than a full term will have its state aid reduced proportionately. No district may have less than a full term of school unless conditions over which it has no control exist that would prevent the district holding a full term. In cases where sites within a district have different length terms the average daily membership (ADM) and average daily attendance (ADA) shall be calculated for each site separately.

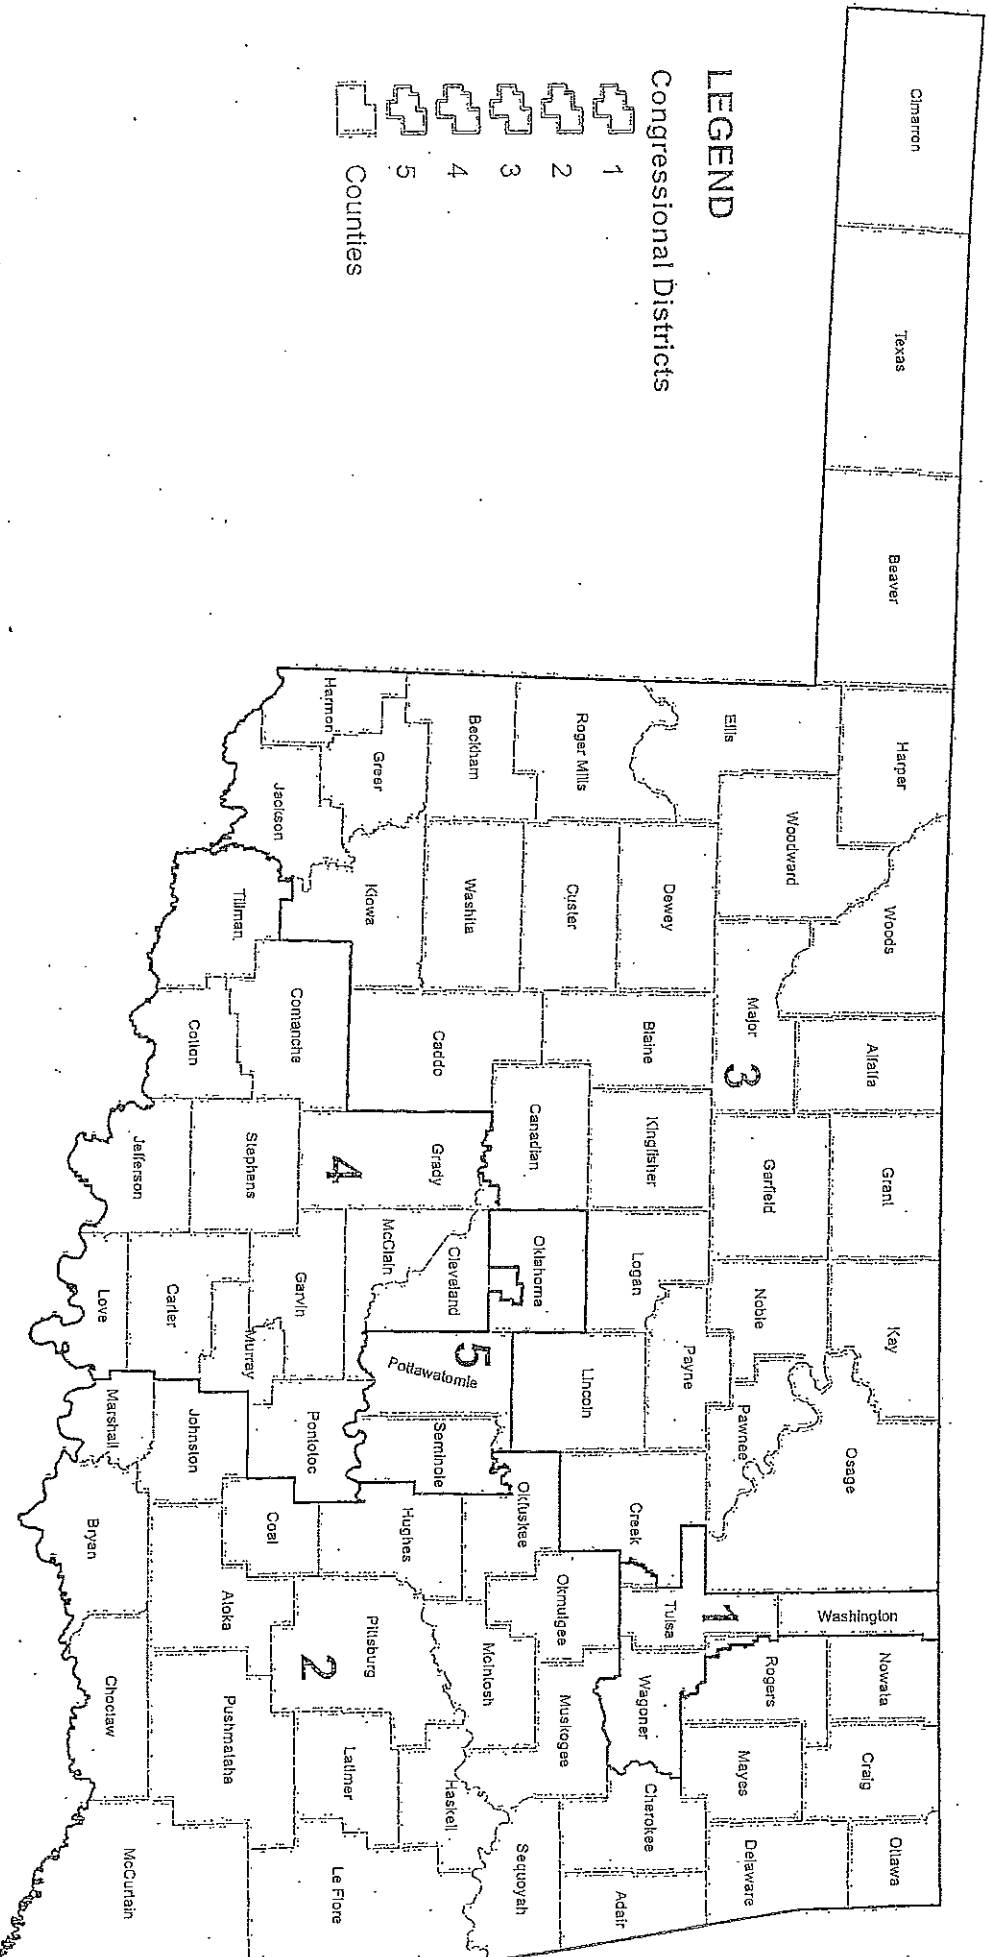

210:35-3-47. School reports and records

Well delineated policies and procedures for records and reports shall be developed and kept current.

- (1) Records and reports needed for effective planning, operation, evaluation, and reporting shall be kept relative to the following components of the educational program:
 - (A) Administrative operations
 - (B) Curriculum
 - (C) Guidance
 - (D) Health services

Abbreviated Days

NAME OF WAIVER

A. Reason for the waiver/deregulation request (be specific).

The reason for the deregulation of the school year is that alternative education is condensed to no less than 4 hours and 20 minutes while the normal day is 7 hours and 25 minutes. During the first semester, students will also have 4 hours and 20 minutes on Fridays for virtual instruction at home.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

All potential candidates must go into review process consisting of a committee to determine the need for alternative education placement. The committee consists of the principal, counselor, and alternative education teacher. This program is in place to assist the educational needs and success of students that are academically deprive, a teen parent lacking social skills to adequately participate in regular classroom, physically handicapped or another reason deemed legitimate by the committee. The students attend during the evenings and are able to go to a job or stay home to take care of his/her child during the day. The class sizes are small and conducive to at-risk students, flexible scheduling, goal-setting, service learning opportunities, and assistance with higher education or work. The counselor and special education teacher are available to students during those hours.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

The Alternative Education program assists those that are at high risk in successfully graduating high school on time by accommodating needs that may be present in their lives and cannot be met during the regular school program.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

See attached calendar and schedule

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

This should make a positive impact on the school through cost savings.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Assessments in the E-20/20 computer program will monitor student progress.

RE: Alternative Education statutory waiver request for abbreviated day

To Whom It May Concern:

Please accept this letter as a request for approval of a deregulation of OAC 210:35-29-2 and 210:35-3-46. The Keota School District, I043, will require its Alternative Education program to provide no less than 4 hours and 20 minutes of instruction per day, four days per week for the 2020-2021 school year.

Student attendance in the alternative school will be kept on a register to accurately reflect the actual days of instruction for the deregulated school calendar. District will submit a separate First Quarter Statistical Report or Annual Statistical Report reflecting the accurate information for the deregulated school year.

Attached is a copy of the completed application pertinent to this request.

Thank you in advance for your consideration and attention to this matter.

Sincerely,

Twylah Morris
Superintendent

Abbreviated Day
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include how your students would benefit from this deregulation, what alternative means will have to be employed, and negative effects on your alternative education population if your waiver was to be denied.

Many of our students are employed. This allows them to work at jobs and still get home at a decent time. Also, from time to time, some of our students are mothers and fathers. This allows those students to be a bigger help at home. The flexibility of our schedule is a big draw to our alternative education students. With Friday being a flex-day, which allows alternative education students to come to in-person school that day if needed, this helps both our students, and our Alternative Education teacher, Carrie Compton. Taking away this flexibility in scheduling would greatly diminish the impact of our program.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous years alternative education audit.

Our plan is a regular four-day week, from 8:00 am - 2:08 pm, with Friday being a flex day. The flex day can be used for a student who missed a day Monday through Thursday, or also for any student who is behind in their class work. Our students love the four-day week. They see it as a reward for staying ahead of their class work Monday through Thursday. We have seen outstanding results with this plan. We have had a 100% graduation rate with our seniors using this plan for the past two academic school years. Before going to this plan, our graduation numbers did not begin to approach that type of success.

- C. Educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, and predicted graduation rate.

As stated, we have seen significant increases in student graduation rates with kids who traditionally have not had much success in graduating from high school. Five of our ten seniors who graduated last year were former dropouts. If we reverted back to the traditional 5-day plan, we believe that our graduation rates with our Alternative Education students would decrease significantly. For the past two years, we have had 100% graduation rate with our Alternative Education students. We also try to integrate our Alternative Education students into the regular school as much as possible. Our Alternative Education Academy is in the regular school building, our students eat with the regular students, they all take P.E. classes with regular students. We see no reason why we cannot maintain that perfect graduation rate. I will also add that the vast majority of our Alternative Education students like coming to school. To us, this is even more important than graduation rates.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions. A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)
Submitted. Please let us know if additional documentation is needed.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation?
If positive please describe where the available would be reallocated.
There is no financial impact to the district.

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.
We have talked about our increased graduation rates for our Alternative Education students, which impacts graduation rates for our school, and which also impacts our School Report Card. Our Alternative Education students do ACT and state testing with our regular students. Mrs. Compton is evaluated through TLE just as our regular teachers are.

** You will be contacted if more information is needed to process this request.

Oklahoma State Department of Education,

Enclosed is the Watonga Public Schools' application for a three-year abbreviated day deregulation for our Watonga Flight Alternative Education Academy. We have had great success for the past two academic school years with this plan, and see no reason in the foreseeable future to alter it.

Sincerely,

Mark Batt
Superintendent of Schools
Watonga Public Schools

OAC 20:35-29-2

Abbreviated Day
NAME OF WAIVER

A. Reason for the waiver/deregulation request (be specific).

Beginning with the school year 2020-21 Stigler Alternative Education Program will be a part of the Stigler Virtual Academy. Because students do not meet in a conventional classroom, the hourly requirement is not entirely conducive to the virtual classroom setting. We are seeking a waiver to allow our alternative education students to be on the same attendance requirements as our other virtual students.

1. A student can earn points dependent on their amount of time logged in during a given day.
2. A student can earn points depending on their number of assignments completed during a given day.
3. A student can earn points for an in person or virtual meeting with their instructor during a given day.
4. A student can earn points for in person time for tutoring at our Stigler Virtual Academy Lab.
5. A student can earn points for miscellaneous activities such as in person short term classes, field trips etc.

Students must accumulate a minimum of 10 points a day or 50 points for a given week in order to be considered in attendance.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

This allows for students who are "at-risk" the ability to hold a job when needed for financial support. It also allows students with dependent children a flexible schedule to accommodate for child care.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

This allows us an opportunity to attract students in order to ensure that they complete their education requirements and are successful. These are students that have needs that are not easily addressed in the traditional classroom. We are able to use our best educators in order to fill these roles.

- D. Timeline: (Please submit class schedule, calendars, assessment forms and other attachments as necessary. A waiver/deregulation can only be granted for a one school year period)
NOTE: A School District Empowerment Waiver can be for up to 3 years.

We ask the instructor that is assigned to a particular student to be available for a minimum of 2 hours a day for one-on-one, virtual, or other communication with their student. We also make an instructor available from 10 am - noon and 3:30 pm - 6:45 daily available for students to attend our in person lab for additional support.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

The financial impact to Stigler Public Schools will be positive. The additional evening instruction / in-person additional support, would increase our in-person lab cost by 1/5. I also have concerns about our ability to attract Alternative Education students to attend class on Friday evening and I would also struggle to find teachers to fill these positions. The Alternative Education allocation for FY21 is \$8,382.12. These funds will be utilized to help cover the costs for the virtual teachers and to help cover the cost of ensuring qualified teachers are available for additional in-person support in the evenings.

- F. Describe method of assessment or evaluation of effectiveness of the plan.

The assistant principal for each site is responsible for tracking individual student success for the program as well as the program as a whole. Each student's success will be tracked weekly in order to ensure this is the best setting for that individual student and cumulatively as a program.

To Whom It May Concern,

Accompanying this letter is the Deregulation Application for Stigler High School Alternative Education Program concerning the (OAC 210:35-46) Abbreviated Day Alternative Education. I would also like to request the attached deregulation be approved for three years. It is my understanding that this application will be submitted to the State Board of Education at the October meeting. If there are any further requirements necessary please contact me.

Sincerely,

David Morgan

OAC 210:35-29-2

Abbreviated Day

NAME OF WAIVER

A. Reason for the waiver/deregulation request (be specific).

Idabel Public Schools is requesting a waiver/deregulation for OAC 210:35-3-46 & OAC 210:35-29-2 "Abbreviated Day." An educational benefit is expected for students. An increased graduation rate and decreased dropout rate is expected. A better method of meeting the needs of at-risk students will be realized. A financial savings to the district will be realized. The ability to use instructors on staff rather than adding additional instructors is expected. Finding qualified, certified staff is difficult. This deregulation will allow the use of highly qualified teachers already on staff and relieve the pressure of finding additional, qualified staff.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

We propose to keep the Alternative Education Program school day as Monday through Thursday from 3:30-7:45 pm. We expect to see continued improvement in student performance because of having instructors available in all four core subjects. We also expect to see a financial benefit to the District from having four part-time Academy instructors who are also full-time instructors in the regular high school as opposed to having two full-time Academy instructors. Furthermore, the students who typically participate in Alternative Education are those students who are at-risk of not graduating high school. Most of these students in Idabel are either emancipated, working full-time at jobs to help support families or who are raising their own children. Evening hours are most beneficial to serving these students.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

We expect to see increased improvement in student performance by utilizing four core subject teachers to help instruct and provide assistance to these students. We also expect to see a continued improvement in the four year graduation rate and a continued decrease in the dropout rate.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

Alternative program school day will be 3:30 - 7:45 pm Monday - Thursday.

The alternative education program will follow the same schedule as Idabel High School with the exception of Fridays. The alternative education program will also incorporate distance learning options for students due to the covid-19 pandemic.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

The district should see a savings in salary expenditures: two Alternative Instructors who would be necessary if the program was conducted during the same hours as high school classes have been reassigned as teachers in the comprehensive high school. Four core instructors already on staff in regular classes will receive a stipend for added time spent in the Alternative program. The director of Alternative Education is also currently employed as a district technology staff member and distance learning coordinator.

In effect the district has replaced two full-time instructors for the cost of four part-time stipends. Saving the district two full-time salaries.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Comparison of student GPA's to previous years.

Comparison of State test scores to previous years.

Comparison of Alternative Education expenditures to previous years.

Comparison of graduation rates to previous years.

Comparison of college/career ready students to previous years.

RE: Deregulation for Alternative Education Abbreviated School Day [REDACTED]
[REDACTED] OAC 210:35-29-2

Dear Mr. Pieper

This letter is to notify the Oklahoma State Department of Education that Idabel Public Schools' Alternative Education program will be continuing its school day from Monday through Thursday with a 3:30 to 7:45 pm time slot. Expected results will be improved student performance from having core instructors available for each subject area. Attached are the minutes of the Idabel Board of Education adopting the alternative education program day schedule.

Enthusiastically,

Doug Brown
Superintendent

Brent Bolen
School Board President
